

Transfer & Advising Guide for Community College Students Transferring to:

Colorado State University – Bachelor of Science Fire and Emergency Services Administration

<https://www.online.colostate.edu/degrees/fire-services/>

This agreement identifies community college courses that will apply to the baccalaureate degree.

If you plan to complete this bachelor's degree, recognize that:

1. You should transfer into the bachelor's program after you take the courses outlined below. Transfer hours beyond the credits below are not guaranteed to apply toward the bachelor's degree.
2. It is imperative that you contact an advisor at the 4-year institution by the end of the first semester to clarify course work appropriate for this major and to identify the community college courses and GPA necessary to meet admission requirements to both the 4-year institution and the degree program.
3. This Transfer Guide does not supplant any other transfer agreement your Colorado community college may have with this 4-year institution.

Transfer Recommendations: To graduate in a 4 year overall time frame, it is important that students follow the recommended schedule below. Students who wish to continue their education at the community college beyond the number of credits specified below should explore with both 2-yr and 4-yr advisors how their graduation timeline, COF stipend, and financial aid will be affected.

Guarantees and Limitations: Students:

- are responsible for meeting all admission requirements at the 4-year institution;
- are not guaranteed admission to the bachelor's degree program at the 4-year institution;
- are guaranteed, once admitted, application of the transfer hours below to either lower division general education, course work required for the major, or elective credit;
- must consult with the 4-year institution's bachelor's degree program to utilize AP, IB, or CLEP credits;
- must consult with the 4-year institution's bachelor's degree program for transferability of course work credits beyond those prescribed below as additional courses are major specific and the 4-year institution may restrict the number of community college transfer credits.

Please note that this curriculum neither fulfills the gtPathways general education curriculum nor the associate degree requirements at the community college.

The information listed above is not a comprehensive list but does follow the AAS requirements for most of the Emergency Services, Emergency Management & Planning or Fire Science Technology tracks in the Colorado Community College System. Refer to <http://www.coloradocommunitycolleges.com/go/programs/health-science-criminal-justice-public-safety/> for additional locations on the degree programs offered.

Special Program Notes:

Fire and Emergency Services Administration is an Online Degree completion program and requires a minimum of 60 credits transferred from another institution and/or taken at CSU. All Students are required to complete CSU's All-University Core Curriculum (AUCC).

Although you may take more than 19-26 credits of EMS or Fire Science coursework you will be capped at 64 credits in transfer from **ALL** 2-year institutions. If you follow this guide and take the General Education Courses listed on page 2 you will be guaranteed completion of CSU's AUCC requirements. Those 31-32 credits will be applied first towards the overall 64 credits in transfer.

Admission Requirements to the Institution and the College/School/Department

Students transferring from community college should refer to the published admissions standards at:
<http://warnercnr.colostate.edu/fesa-bachelors/how-to-apply>

Please consult with the Student Engagement Coordinator to determine if this program is a good fit for you. This program is only offered via Distance Education. Schedule a pre-admissions advising appointment via phone, email or in person. Be sure to come prepared with any questions you have about the [FESA program](#).

For additional information you may contact [CSU Online](#)

Transfer Disputes

If disagreement regarding the transferability of credits for coursework or a degree occurs between a student and a receiving two-year or four-year institution, the Department will facilitate an expeditious review and resolution of the matter pursuant to Commission Policy, Section I, Part T: Student Complaint Policy. For more information, contact the Department at 303-866-2723 or file a complaint at <http://higherred.colorado.gov/Academics/Complaints/default.html>
